WEBSTER LIBRARY
CURRICULUM COLLECTION (LB-3)

The Curriculum Collection is designed to support student teachers in the Early Childhood and Elementary Education (ECEE) programme. It contains a selection of practice teaching materials for preschool and elementary school age children. The collection includes children's books (fiction & non-fiction), activity and lesson planning books as well as a few sample games and puzzles.

The collection is organized by Library of Congress classification. It is a way for us to categorize and shelve books. Call numbers provide the physical location of the book, while call number ranges will reflect a certain subject area.

L range	**Education**
P range	**Language & Literature**
Q range	**Science & Nature**
T range	**Technology**

TX	Food

EXTRA TIPS FOR FINDING MATERIAL

1.In the Concordia Curriculum Collection:

add **b8:curriculum** to your keyword searches in Sofia. EX:

...and limit your Sofia search results to more recent material:

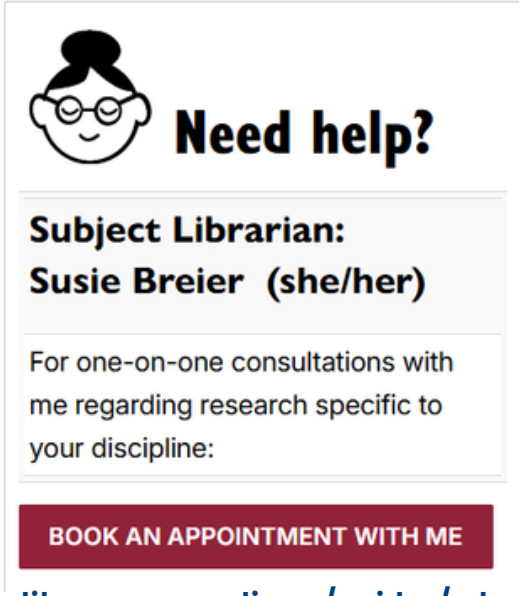

Group/Refine - Publication year - last 10 years

2. Beyond Concodia Library:

You can also search for education and childrens' books at other libraries:

- McGill's Education Curriculum Resources Centre (3700 Tavish)
- BAnQ Library (Berri UQAM station) + SANAAQ Library (Atwater station)
- Your local Montreal public library

If you are curious about any of these options, **ASK ME or my library colleagues**!
