Interlibrary Loans service

The Interlibrary loans service (ILL) is embedded within the Discovery tool Sofia.
ILL requests are made directly in the Sofia Discovery tool, using the "Request via Interlibrary Loan" 

button or using the form available under the "Requests" tab in your Sofia "My Account".

If you visit another university library in Québec, your Concordia ID card will be your library card. (The BCI card is no longer required, nor supported.)

For more information on how to place ILL requests for books, articles and chapter scans, please visit the User guide for the Sofia Discovery tool.

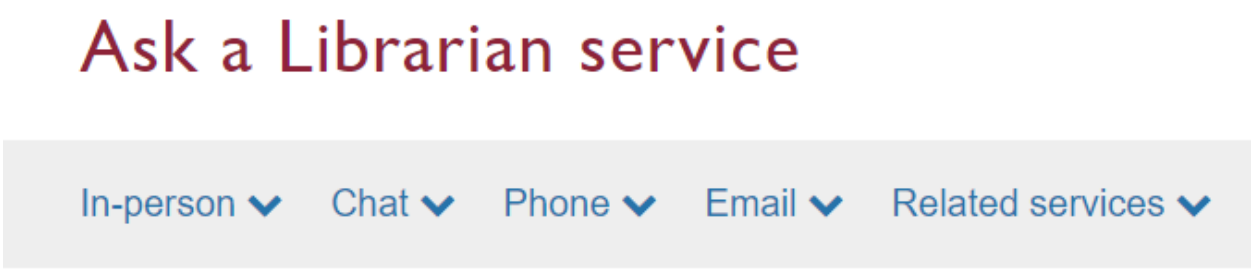

This service is available to Concordia undergraduate and graduate students, faculty members and staff.

Go further

The Library also offers a selection of workshops that open to the Concordia community.
If you prefer a self-paced tutorial, the Library Research Skills tutorial is worth exploring.

Questions

The *Ask a Librarian* service (https://library.concordia.ca/help/questions/) will connect you via chat, phone and email to a reference assistant or librarian who can help you with most questions.
